WEEK 2 TERM 3

21ST JULY 2015

Congratulations to all our students who learnt so much last week ...

After a two week break, the students came back bubbling, excited and keen to get into some learning... it was a wonderful thing to see and hear their excitement around being back.

Here are some examples of what they have been learning

Debating Preparation—by Charlli Whiting

My second argument is that toy guns should be banned in public.

In my opinion, we strongly believe that toy guns should only be allowed at home for kids because parents, police and the public could mistake a toy gun for a real gun and this can greatly affect the life of a young child. This has been evident throughout many media sources in recent years where young children are being injured or killed because they are being a threat to the public by saying their toy gun is real.

In the future, if this keeps happening, toy guns should be banned in public and everywhere else. This is important because a boy was shot by a policeman because they had mistaken a fake gun for a real gun. For example, in the past few years, young boys have been hurt and even killed by being mistaken for holding a real gun. The problem was police thought that the fake toy pellet gun was a real gun which resulted in a death.

So, that is why we firmly believe toy guns should only be used at home and not in public.

Homonyms from 2/3—We have been learning about homonyms and homophones and here are some examples—

Monday was our 100th day at school this year ...

How often have you thought about what you'd do with \$100? Here is what these K-1 students think....

"Yesterday we discovered \$100 and quickly pretended it was ours and went to the airport and flew to Canberra and went quietly ice-skating.

By Indiana

"Yesterday we discovered \$100 on the ground and we quickly picked the \$100 up and then my family raced home. Then we got in the car and we went to the bank."

By Izabelle

"Yesterday we discovered \$100 and quickly snatched it out of the lady's hand. We quickly tiptoed to my house in the middle of Wagga and I threw the \$100 in the safe."

Welcome to our Intern Student

P&C—BBQ AT MASTERS

The BBQ was a great success! Thank you to Liz and Gary Chapman, Dave Rutland and Annette White for getting the day started in the cold.

Thank you to Lillian Williams, Rob Fraser, Lisa Pinn, Fleur Muller, Alisa Scanlan, Wendy Muirhead and Matt Kelly, and even Jake and Kieran Eady helped out for a little bit.

A great fundraiser, earning about \$800 for the P and C.

Last round of Premier's Debating today

Jeni, Jessica, Abby and Kieran have 2 debates today against Tumut Public School.

Topic 1 was "Self defence should be taught in primary school." Tumut spoke very, very, well and were the winners of this debate. The adjudicator, Mr Shields, said it was impressive that both teams had progressed since earlier debates and had taken on board previous feedback. He thought the debating arguments were more thoughtful. Well done to both teams.

Debate 2 is still in progress.
